SUMMARY OF INTERVIEW

Applicants wish to thank Examiner Lankford for the courtesy extended during the personal interview held on September 13, 2006 and the helpful comments made therein. During the interview between the undersigned and Examiner Lankford, the indefiniteness rejections 35 U.S.C. § 112, second paragraph, the written description rejections under 35 U.S.C. § 112, first paragraph, and the rejections under 35 U.S.C. § 103 raised in the Office Action mailed March 24, 2006 were discussed. The undersigned and the Examiner also discussed proposed claim amendments. The undersigned and the Examiner agreed that a proposed claim directed to a composition comprising a first component that comprises an unprocessed adipose tissue obtained from a patient mixed with a second component comprising a concentrated population of cells that comprises adipose stem cells, wherein said concentrated population of cells that comprises adipose stem cells is obtained from said patient would likely overcome the rejections of record.

Respectfully submitted,
